

## 4 Desi's Lyrics

---

### English

This is springer  
You doing your thing  
I like your rapping angrezi  
They ask me why i 'm in the rap gang  
I said i do it for the desi's

I do it for the desi's  
I do it for the desi's  
I do it for the desi's  
I do it for the desi's

Aah! I said i do it 4 the desis  
Rap like i 'm crazy  
Cuz mother f\*\*k take me  
I'll be in the studio  
You mother f\*\*ker lazy

Been what \*\*\*  
The whole damn nation like jay z  
Nothing seems to amaze me  
I have seen it all

Fake friends acting like they love me  
But wanna see me fall  
You got a problem with springer  
Then come and see me down  
And you're talking about shit

Use the way down  
They leave me down  
If i wanna erase you  
Get the mother f\*\*k  
I'm on the block everyplace

Talking about how're you in love  
With the game but hateful

Acting like you real hip-hop  
But you're the fake fool

Yeah! You're so grateful  
Had a few fans  
And even mother f\*k  
I'm thankful for all the blessings  
And my supporters  
Much love to my fans  
Across the world

I do it 4 desi's  
I do it 4 desi's  
I do it 4 desi's

Raxstar:  
Growing up in pressure  
My desi's understand  
If we didn't want to live life  
The way our parents had planned it  
Walking the thin line  
I don't know how i managed  
I earned every ounce of respect  
It wasn't handed

I don't want to live lavish  
I don't want the finer things  
Just recognize the originality  
I can bring you  
You don't know the hope  
That i give to these children  
Looking like the face of the nation  
A millions of asian indians

Punjabi is the mother tongue  
You're the same color as me  
Look what you're brother has done  
Made a life from the hardship  
I never ask this  
Lyricsbogie.com  
Light skin or dark skin  
But you've got the heart of kings

I love my people  
I do it for us  
When they're pimping out of scene  
Tell me who can you trust  
These fakers doing their own beezti  
All the real ones doing it 4 desi's

Zara maaf karna mujhko  
Angrezi kam aati hai  
Albata sansthapak  
Hindi rap ka meri jaati hai

Suna hai kaafi daraati hai  
Tumko meri vyakaran  
Saral shabdon mein bolu kya  
Jaise koyi maa samjhaati hai

Honi faata faati hai pucho  
Chaahe bhagwan se  
Vatawaran hi badal dunga  
Bankar gaaunga tansen

Viman se vichar mere  
Nikal jayenge aawaz karke  
Upar se likhwaya gaana  
Maine babbu maan se

Badbudar koodedaan se zyaada  
Inki soch kabada hai  
Pichwada main chhod diya  
Inka tod diya jabada hai

Dilwaya maine jhada hai  
Inke liye apshagun hu main  
Dekho teen tigada  
Humne kaam bigada hai  
Pardhaan
