

B N B Lyrics

English

Are u ready sit down
Let me da tell you a lil story
Bout 2 cool cats
Yeah bunty aur babli
Cminin at an angle
That they better than the rest
When ya looking in-in their hearts
Them a da pass the test.

Them a da pass the test

Dont look back
Hes comin into attack
Hes takin it side by side
Hes takin it front to back
Hes takin it all around the world
Never never will he stop this
Bunty!

Pun - ja - bi
She be flippin a beat
She be out to steal
She be keepin it real
She be on a mission she be livin she be killin
She be babli!

Now the story begins in kanpur the land
With a master plan to take the world at hand
Goin step by step they crossin over the border
With a step by step lookin over their shoulders
Never too amazed never to unfurl
There are only
There are only kinds of people in the world
Only positive - negative only good and bad
Only right and wrong thats all we ever had.

Just like an angry character with a lotta soul

Bunty aur babli

Them a da call him bunty with a heart of gold

Bunty aur babli

Just like a beautiful angel comin outta the cold

Bunty aur babli

Theres only one babli and thats for sure.

Bunty aur babli bunty aur babli

They are comin to your town

They hustle then they hustle now

Oh - ho oh - ho

Bunty aur babli bunty aur babli

Makin money all around

Never do they settle down

Oh - ho oh - ho

Just like an angry character with a lotta soul

Them a da call him bunty with a heart of gold

Just like a beautiful angel comin outta the cold

Theres only one babli and thats for sure

And together they ride

Chori chori chori tonight

Together they cry

Chori chori chori tonight

Together they ride together they cry

Together they fly together they die

Together they rise above the whole world

Together they smile

Bunty aur babli bunty aur babli

They are comin to your town

They hustle then they hustle now

Oh - ho oh - ho

Bunty aur babli bunty aur babli

Makin money all around

Never do they settle down

Oh - ho oh - ho

Let me da take the story a lil forward now forward now
