

Candy Lyrics

English

Baby girl, don't know what the game plan
But i seen the body on a instagram
Girl if you about it then you know what's next
No it don't really matter who you came with
So come by with me solo
We can turn it up on low low

Girl if you about it then you know what's next
No it don't really matter who you came with
What you doin' later baby come through
If you're with your friends they can come too
Only sippin' barry when we in the pool, in the pool

Come n' take advantage when i feelin' naughty
Meet me in the lobby if you're ready for it
Lot of pieces candy and i know you want it
Know you want it, yeah..

Kari na kise de naal
Kari na kise de
Kari na kise de naal pyar
Mundian ton bach ke rahi

Ni tu hun hun hui mutiyar
Mundian to bach ke rahi
Ni tu hun hun hui mutiyar
Mundian to bach ke rahi
Ni tu hun hun hui mutiyar
Mundian to bach ke rahi
Ni tu hun hun hui mutiyar
Mundian to bach ke rahi
Showty look good are you taken
Lovin' what you dance like as asian
Girl if you, you know wassup
No it don't really matter who you came with

So come by with me solo
We can turn it up on low

Girl if you about it then you know what's next
No it don't really matter who you came with
What you doin' later baby come through
