Murder murder laashan
Hathan vich gun

Mere hathon vich daulat
And my hands are on the gun

Meri dushman di nafrat
When he see me better run

Run run for your pruden
For your janta
They tell me munde bas kar
Main ni manda

Penna bullets in the english
Pop from distinguish
Badshah the raja
You'll do this finish

Guns come out
No need to act timid
You're brain's kinda saag ye
You know the spinach

Rumaal mere muh te
Every word jhoot ae
Chilling with your biwi
Yeah she gotta nice booty

Who police menu labhde
Jattan de jattan de munde
Assi nahi darrde
