## English

Now i've been at a crossroads yeah  
Got a lot upon my mind  
I could really use this time  
Cause everybody cutthroat yeah  
Getting really sick of tryin'  
Homie y'all really one smoke naah  
All the choices that i make  
I just really gotta pray  
Because i've been at a crossroads  
I've been at a crossroads

Then there's a special way i kickin'  
I'll be writing these lyrics  
My notebook is looking like some  
Typical scrumptious hi-rez and kr\$na  
No matter if you're christian  
'cause i'm jewish, of buddies  
And music is my religion  
And i fishin' lookin' picture perfect  
Am just a different person  
But if you 'wanna test me  
You see my pistol workin'  
I am submerged in these haters mind  
And success is not a destination  
Homie it's a state of mind  
Was makin' rhymes in my father's house  
And doing things that are allowed  
Cause most of the times he's not around  
No food in the fridge  
No money in the bank account  
We should take a bow  
You could never run a mile in these jordan 3's  
They were hating on a kid then  
Now they call them me  
This rap shit flowin' through my damn order reason

Shoutout to india, that country now

Now i've been at a crossroads yeah  
Got a lot upon my mind  
I could really use this time  
'cause everybody cutthroat yeah  
Getting really sick of tryin'  
Homie y'all really one smoke naah  
All the choices that i make  
I just really gotta pray

Because i've been at a crossroads  
I've been at a crossroads

Back to the party, we lost souls like a heart attack  
Tomorrow of bar code, products of frost roads  
Like the artifacts  
They got precautions, i am strapped and ruthless  
You talkin' i go 'ya the office  
Get out 'ya boss till i get massachusetts  
Probably stretched for every retribution  
I resurrect and would reference to revolution  
I'll press him until he grows with the decisive resolution  
Knows it a precious and restrictions of evolutions  
I am just too deep, i'm cool keith  
Rob a jute thief, steady p will now accuse me  
Y'all looking thug, y'all talking as y'all soft as fuck  
I wouldn't mug a coffee cup

Yo i've been at a crossroads yeah  
Got a lot upon my mind  
I could really use this time  
'cause everybody cutthroat yeah  
Getting really sick of tryin'  
Homie y'all really one smoke naah  
All the choices that i make  
I just really gotta pray  
Because i've been at a crossroads  
I've been at a crossroads

Ab dekh asliyat hai dil mein  
Main baazi kabhi haara nahi  
Ye music mere paas  
Jub paas mere koi chara nahi  
Mere liye galtiya hai jaise ladkiya hai  
Ek baar kari, fir kabhi kari dobara nahi

Itna kiya par zindagi ne hai cheena boht  
Been a boss, par shakal se  
You can tell i've seen a lot  
Mushkil lage jeena,  
Par kari nahi seema cross  
The only thing suicidal  
About me will be my doors

Diili sheher yahan dhamki na khokli  
Hoti hatapai beta sunki yahan khopdi  
Sadak kinaron pe banti yahan jhopadi  
Gandi yahan soch  
Aur mantri yahan lomdi  
Naam mein bhagwaan,  
Par mene kaafi paap kiye  
Ye gaana meel ka pathar,  
Maine raaste bhi naap liye  
Mujhe bola jinhone meri aukaat nahi hai  
Iss begani shaadi pe aaj baarati woh hai

Now i've been at a crossroads yeah  
Got a lot upon my mind  
I could really use this time  
'cause everybody cutthroat yeah  
Getting really sick of tryin'  
Homie y'all really one smoke naah  
All the choices that i make  
I just really gotta pray  
Because i've been at a crossroads  
I've been at a crossroads.
