

# Diamonds (Title) Lyrics

---

## English

Diamonds and gold  
Mehndi and bangles  
So beautiful  
She moves like an angel

Dance like she don't got a  
Care in the world like\*  
Eh le le le le, le le le lo..

Flames reachin' high  
But can't touch the fire  
Catchin' her eye  
Her burning desire

She know she got it  
When she sing her song like  
Eh le le le le, le le le lo..

Look up at the sky  
The stars diamond shine all alone

Tonight is the night  
Take a deep breath  
Let it go...  
Eh le le le le, le le le lo...

Blasting the night  
Lyricsbogie.com  
The rhythm takes over  
Dreams in her eyes  
Keep driving him closer

Exotic hypnotic she knows  
He's about to move up on her  
She got it, she got it  
God knows he can't hold back no longer

Dancing so close  
The temperature is rising  
She just don't know  
How sexy that smile is

She knows she's got it  
When she sings the song like  
Eh le le le le, le le le lo..

Look up at the sky  
Stars never shine all alone  
No..

Tonight is your night  
Just take a deep breath  
Let it go...

Eh le le le, le le le lo..  
Eh le, eh le, eh le lo..

No..

Girl, you're one of a kind  
I know you're feelin' the vibe  
Just give me tonight  
It's the way that you smile  
Baby, i'm losin' my mind

Girl, you're one of a kind  
I know you're feelin' the vibe  
Just give me tonight  
It's the way that you smile  
Baby, i'm losin' my mind

Shinin like gold  
So shine alone  
Shinin like gold  
Woah...

Let it go.. No..  
Eh le le le, le le le lo..
