

Erase Lyrics

English

Another week ends since you been gone
It doesn't feel like its been that long
But I guess it get better everyday
Yeah yeah!

My head is heavy my mind is numb
Lyricsbogie.com
I found myself in a stranger's arms cause
I just want to make it fade away
Yeah yeah!

My heart is a broken machine
Need you to come set me free
Keep on playing the music baby
Keep on playing the music baby

Erase erase erase erase
Erase erase erase erase

I see you calling i dont respond
And now i feel like i am right where i belong
And i am ready for a change
What doesnt kill me will make me strong
Just turn it up and nothings wrong cause
I can just keep dancing through the pain
Yeah yeah

My heart has been coldded out at last
I feel it come back to life
Keep on playing the music baby
Its all thats getting me through this baby

Erase ay erase ay
I wanna dance till i cant feel nothing at all
I wanna dance till i cant feel nothing
Erase erase erase

Take it all away
I wanna dance till i cant feel nothing at all
I wanna dance till i cant feel nothing
