

For Aisha Lyrics

English

Is this all it's gonna be?
Gold dust shimmers on my feet
They laid me down
And the sky turned pink

Is this all it's gonna be?
Gold dust shimmers on my feet
They laid me down
And the sky turned pink

Oye hoye
Umraan main saariyaan jee layiyaan
Roshni main saariyaan pee layiyaan
Oye hoye
Rangaan di kahaniyaan chakh chakh ke
Main te haan ungliyaan chat laiyaan

Darrta hai raaton ka andhera
Dum daba ke woh to bhaagega
Jab aayega savera
Aasmaan ko suraakh tu bana de
Uss paar hi to hai na din ka basera

Walking on the tightrope singing in the lifeboats
Why they wana medicate me like a sick joke
I don't wana let go never mind chor doe
And if i get a tummy ache then i'll just take a pepto

Oye hoye
Umraan main saariyaan jee layiyaan
Roshni main saariyaan pee layiyaan
Oye hoye
Rangaan di kahaaniyaan chakh chakh ke
Main te haan ungliyaan chat gayiyaan

Fall right out, ate a mouthful of clouds

So don't worry about me now,
Don't worry about me now
We both know i've been here all along
So don't worry when i'm gone,
Worry when i'm gone

Loriyaan suna neendein aayi
Thaki thaki jhapki hai aayi
Thodi si mohlat hai
Kharcheinge haule se

Gini chuni saan laayi laayi
Socha ye tha mainey ke haye
Chhaati ki gullak hai
Kharcheinge haule se

Khuli khuli aankhein yeh
Khaabon ka jharokha hai
Jaage jaage dekho to
Sach honge yeh bharosa hai
Har pal ka tu mazaa le
Dheere se dheere se
Oh ho budhu darr na
Jeene se jeene se tu

Walking on the tightrope singing in the lifeboats
Why they wana medicate me like a sick joke
I don't wana let go never mind chor doe
And if i get a tummy ache then i'll just take a pepto

Oye hoye
Umraan main saariyaan ji layiyaan
Roshni main saariyaan pi layiyaan
Oye hoye
Rangaan di kahaaniyaan chakh chakh ke
Main te haan ungliyaan chat gayiyaan

I just wana see you having fun
For me for me for me for me
Khushi when i know you feel the love
From me from me from me from me

I just wana see you having fun
For me for me for me for me
Khushi when i know you feel the love
From me from me from me from me

Saans
Saans
Saans
Saans.
