

Game Of Chance Lyrics

English

In a game of chance
So unpredictable
When nothing certain
You made it possible
In a field of dreams
Where legends are made
Not at a reason
To destine your fate

Leading from the front
Like a tiger on the hunt
You will always be
Forever number one

One man one vision
And a burning ambition
One game such a challenge
Skill and devotion

With an iron will
Spirits high
And a heart of gold
You're a man on a mission
You got your own reasons
You got your own goals

Reaching for the skies
