

# Got My Eyes On You Lyrics

---

## English

I think i met, i met my match,  
And i think i got, a little attached,  
And i dont know if you feel the same,  
But i love this little game we play,

Da da da da,  
You got me,  
Da da da da,  
You got me,  
I'll do anything that you want to,  
I wouldn't have as much fun without you,

I think i met, i met my match,  
And i think i got, a little attached,  
And i dont know if you feel the same,  
But i love this little game we play,

You got me when you send a  
Tune from my favorite tv show,  
You got me when you said  
You like my perfect little toes,  
You got me when you said  
I was prettier than marilyn monroe,  
You got me when you said hello, oh, oh, oh,

I think i fell, i fell for you and,  
I think i told you all that i should,
