

Inception Lyrics

English

Yeah..

Yeah..

Shoutout to sound nanomix

Yeah

3:30 am yeah

Dekhe thhe jo sapne aaj unke paas hoon
Aankhon mein chamak hai pehle the aansu
Baaki sab wahi hai saala kuch nahi badla
Haan, pehle main aam tha ab thoda khaas hoon
Raaz woh ek aisa jise sab jaan'na chaahein
Suni apne baare mein kitne afwaahein
Baatein karne walon ka kaam baate karna
Karte hain kuch, baaki dete hain salaahen
Pen mere haath mein
Zindagi hai kaali
Tabhi likhun kaali raat mein

Top pe khada akela koi nahi saath mein
Jalne waale jalte lekin rehte aukaat mein hain

Yeah..meri lagan, meri mehnat
Aur upar waale ka karam
Paise kamaye maine sachchai batake
Jisey dikkat, aake pakde wo mera
Unhe bakwas karne do jo bakwas karte hain
Khaali bartan hi jyaada awaaz karte hain
Main note ginta hoon wo haath malte hain
Kheloge jo aag se toh haath jalte hain
Kaamyaabi aur jalan saath saath chalte hain
Tabhi log yahaan lekar hathiyar chalte hain
Par main unn chutiyon mein se nahi
Kyunki jinka dimaag nahi chalta
Unke haath chalte hain

Mere saath chalte hain mujhse pyaar karte hain
Mere fan meri jaan meri koun meri shaan
Jaake poocho kisi se bhi galiyon mein
Hai sambhali kisne hindustani
Hip hop ki kamaan, badshah badshah...
Hai bas ek hi naam badshah badshah
Ka bas ek hi kaam likhna aur likhte hi jaana

Chalun aage aage mere peeche hai zamaana
Sabki nazrein hain mujhpe
Ab kya karega ye
Ek flop gaana aate hi marega yeh
Blah blah bak bak sunke main gaya thak
Mere paas unhe dene ke liye nahi hai fuk fuk
Fakr hai mujhe bas apni kala pe
Main hoon asli hain baaki saare nakli
Yahaan pe maine masli hain naslon ki naslein
Nakli rapperon ke rap jinke nahin bas

Mein yahaan pe bas teri fatne hi waali hai
Sabko pata hai tu jaali hai
Chemist se lele bete neend ki goliyan
Kuch hi dinon mein meri album aane waali hai
Album aane waali hai
Meri album aane waali hai
Chemist se lele bete neend ki goliyan
Kuch hi dinon mein meri album aane waali hai

It's your boy
No days off
Original never ends
Original never dies
Teri fatne hi waali hai
Peace out.
