

Khelta Ja Lyrics

English

Pohanche yahan
Hum har taraf
Hil tou sahi
Chupta kidher
Lyricsbogie.com
You know my name not my story
I aim for the win battleground thats my glory

Koi nahi
Jisse daroun
We in the zone now
Waqt se larhoun
Walking thru im raining bullets
Finger always on the trigger i just pull it
Duniya ko bhool ke khelta ja
Khel se mushkile jhelta ja
Tere aasre main gir parha houn
Sab bhool ke youn phir kharha houn
Dushman se dar nahi
Main teri khaatir bhirh parha houn
When i see no help just surrounded by fire
Bruised up still bleeding little tired
As i look for some hope of survival
My team falling from the sky revival
Winner winner chicken dinner

We tryna 'be the one'
Aur tum saaray yahan beginners
Scope jab lagata baaki teams karte shiver
Mvp wala scene bro boys tere filler
Pochinki mein bethe like we freakin run it
Revive bhi main deta kills/wins bhi one hunnid
Camp nai main karta noob wala scene nai
Uppar se hain atay boys karte hum kneel nai
Medical kit bhi team meri lit bhi

Ghuss ke phatt jata phir hota kuch knit nai
Hote hum split nai ye koi gimmick nai
Pubg mobile hai ye beta koi skit nai
Enemies ahead aur bag mera loaded
Awm mere hath mein you can't even afford it
Ye kehte karte waste hain hum time

We just married to the game
Apni baat pe hain qaaim
Samajh na sakay kuch logon ke hum plan
Tu kar kuch alag toh saale kardete hain ban
Duniya ko bhool ke khelta ja
Khel se mushkile jhelta ja
Tere aasre main gir parha houn
Sab bhool ke youn phir kharha houn
Dushman se dar nahi
Mai teri khaatir bhirh parha houn
When i see no help just surrounded by fire
Bruised up still bleeding little tired
As i look up for some hope of survival
My team falling from the sky revival.
