

Raataan (Title) Lyrics

English

Raataan eh lammiyan lammiyan raataan
Raataan eh lammiyan lammiyan raataan
Chori chori aaya kar hall tu vandaya kar
Raataan eh lammiyan lammiyan raataan
Raataan eh lammiyan lammiyan raataan
Chori chori aaya kar hall tu vandaya kar
Hundia ni kade mulakaatan
Eh lammiyan lammiyan
Eh lammiyan lammiyan raataan
Raataan eh lammiyan lammiyan raataan....

Challa eh chichi wala challa
Challa eh chichi wala challa
Nikka nikka haske dil mera khaske
Challa eh chichi wala challa
Challa eh chichi wala challa
Nikka nikka haske dil mera khaske
Kar suteya ae menu jhalla
Eh chichi wala
Eh chichi wala challa
Raataan eh lammiyan lammiyan
Raataan eh lammiyan lammiyan raataan....

Dharti aur chandarma mein doori jitni
Beech mein mhaarey annginnat taarey majburi utni
Waakayi maine koi dukh ni bus tu
Kyun bend hogi dikhni
Lyricsbogie.com
Maine lagey ram ji bhool beith prem
Kahaani mhaari poori likhni
Seeney pay rakh ke pathar teri
Yaadon mein doob gaya
Nigal gaya main gham saare ib mann
Khusiyon tey oob gaya
Re bhot ee jada khoob keya parsid

Kavi pardhaan ji ne
Uska jeena ke jeena bhei jiska
Bichad mehboob gaya
Main kyun badnaam karunga tera
Naam le ke tenney
Besek tod diye sapnno ke mehal
Issaq ke theie jo banein
Kadi kadi sochun ke raula paa
Liya dil de ke maine
Bera hai tere takiye bhi rehtey
Hain aansu se saney
Jitney bhi miltey hain janney boojhey
Kyukar thaari tooty
Mere dhorey na tha jawaab meri
Saali kismmat footi
Naaraaj uupar aal arr uupar
Tey tu bhi roothi
Oh jhoothi kadey gayi re teri angoothi

Gaana ae vinni wala gaana
Gaana ae vinni wala gaana
Akhiyan te khol ni, mitha mitha bol ni
Gaana ae vinni wala gaana
Gaana ae vinni wala gaana
Akhiyan te khol ni, mitha mitha bol ni
Nai te mar jawe ga deewana
Ae vinni wala
Ae vinni wala gaana
Raataan eh lammiyan lammiyan
Raataan eh lammiyan lammiyan raataan
Chori chori aaya kar hall tu vandaya kar
Chori chori aaya kar hall tu vandaya kar
Hundia ni kade mulakaatan
Eh lammiyan lammiyan
Eh lammiyan lammiyan raataan
Raataan eh lammiyan lammiyan raataan...
