

Sab Maya Hai Lyrics

English

Yeh ishq bhi ajeeb hai
Kabhi saccha kabhi jhoota
Donon taraf se man mera man tera loota

Ishq pawaaiyaan zanjeeraan
Ishq pawaaiyaan zanjeeraan
Sakoon chutya e ishq de teeraan
Kapde leeraan haal faqeeraan
Ishq pawaaiyaan zanjeeraan
Ishq pawaaiyaan zanjeeraan

Yeh ishq bhi ajeeb hai
Kabhi saccha kabhi jhoota
Dono taraf se mann mera mann tera loota

Majnu waang tamaasha banryum
Lyricsbogie.com
Maare patthar zamaane hu
Laila waangu doli chadh ke
Yaar thi gaye deewaane hu
Agge har gaiyaan taqdeeraan
Akhiyaan neeraan haal faqeeraan

Ishq pawaaiyaan zanjeeraan
Ishq pawaaiyaan zanjeeraan

Mere dil da haal ki jaane kinna rulliya
Loki bole pyaar naeen karna main na manniya
Saara pind mainu jhalla aakhe man mere kalla aakhe
Yaar ton sohna naiyon milna, naiyon milna...

Sheeshiyaan waangon tutde vekhe ho..
Sheeshiyaan waangon tutde vekhe
Yaar yaaraan nu lutde wekhe
Pyaar da bhes wata allaah miyaan
Pyaar da bhes wata

Eenwen kismat naal jiyo se
Ghabar giyo se
Haal winjo se

Ishq pawaaiyaan zanjeeraan
Ishq pawaaiyaan zanjeeraan
Saakoon chutya e ishq de teeraan
Kapde leeraan haal faqeeraan
Ishq pawaaiyaan zanjeeraan
Ishq pawaaiyaan zanjeeraan

Jab dekh liya har shakhs yahaan harjayi hai
Is shehar se door ik kutiya humne banayi hai
Aur us kutiya ke maathe par likhwaya hai

“sab maya hai sab maya hai
Sab maya hai sab maya hai”

Ishq kabhi saccha hai aur ishq kabhi jhoota
Donon hi taraf se us ne man mera loota
Dil ghabraaye jaan chali jaaye
Maahiya tera pyaar mangdi haaye
Maahiya tera pyaar mangdi

Ishq pawaaiyaan zanjeeraan
Ishq pawaaiyaan zanjeeraan
Sakoon chutya e ishq de teeraan
Kapre leeraan haal faqeeraan
Ishq pawaaiyaan zanjeeraan
Ishq pawaaiyaan zanjeeraan

Saakoon nah meet bana we saanwala
Sakoon nah meet bana we saanwala
Sakoon nah meet bana we saanwala
Sakoon nah meet bana

Dil ke muaamlaat se anjaan to naa tha
Is ghar ka fard tha koyi mahmaan to na tha
Theen jin ke dam se raunaqen shahron mein ja base
Warnah hamaara gaon yoon veeraan to na tha
Sab maaya hai

Sab maaya hai
Sab maaya hai..
