Yummy and sunny is going so bad
Spuffy and sunny its not too late
A gretting in, fleeting in
Lyricsbogie.com
Already bad

Hold on just a little longer

A little shimmy shake
A little double take
Time's runing now
So kiss me
Im alive now
So are you amore
Remember this song how ..
So kiss me

A little shimmy shake
A little double take
Time's runing now
So kiss me
Im alive now
So are you amore
Remember this song how ..
So kiss me

Aeee..

Starting electriring
Whenever we meet
Hold on just a sec longer

Imma loose my hair
You might just drop there
The moment slipping by
So kiss me

You might getting very great
I might just fade away
Seeing this just kiss me

The moment is now so
So kiss me

The moment is fliping by
So kiss me

Da du di . . .
