

Taste Me Love Me Lyrics

English

You'll be breaking big rocks till
You feeling the pain
Three days of solitary just
Do good for you
If i was the law
You'll be cleaning the loom
If you ask for a bite
You'll get punishment too..

Taking my schmitten let's make it a crime
Even hardcore jailbirds think that it's fine
If you ask for a bite
You should get locked up
Doing time with the dude who is so buffed up...

Taking my schmitten let's make it a crime
Even hardcore jailbirds think that it's fine
Don't you touch my schmitten...
