

The Battle Rap Lyrics

English

Aaja aaja mei class mein tu baith ab
Hone wala style mein ab battle
Back ab ys aur free backup
Teaming better call for some backup

Hum aane wale leke age baby burn it up
Turn down for word baby i turn it up
Run down your boy and call it booyah
True to the game from day one
They knew that

I loop it make the haters sound stupid
Mere joote mein chalna mushkil nai
When if they shoot fits mujhe se ladna useless
Na piece na koi truces
You make moves
Main chalta hoon movements

Battle mera style aur yeh tap mera khel bro
Free fire only if he says so
Demon aur hum face to face khade hai dekh lo
Koi marega koi marega sar mein karega ched so
Dedh so beshaq bande le aa dedh so
Chidne wali jung shotter kehte hain haan chaid to
Jo bhi aaye radar mein hum kehte hain lapait do
Double bareel hathay chari jaise apne aims do

Aakhri saans tak ladenge
Jaanse aag mein bars woh jalenge

Jan de mareng sare is bhare maidan mein
Mar na taachi ham khade hai taan ke
Scene garam hai compiiion hard hai
Booyah matha apna shart hai.
