

The Power Of Dreams Lyrics

English

Hmm

Yeah

Oh

Got somebody

Looking out for me

Looking out for me

Know i gave you hell

I was young and i'm sorry

All i wanted was to dream

Big enough for everybody

Yeah

Dekh na maa aa gaye kahan

Sar pe chhat aur

Who bhi tees foot upar

Rishteydar bhi chup rehte mooh par

Papa ki beamer teri mini cooper

Tere bete ko na padey ab gaaliyan

Tera jeena ab kiya nahi doobar

Jinko kabhi meri awaaz chubhti thi aaj

Wahi sunte hain usse loop par upar

Waaley se upar tu maa

Superman ka pata nai

Super tu maa

Ey

Sorry girls

But the only time

I really mean it is

When i say

I love you maa

Kyuki

Meri aankon mein
Tuney daala sapno ko
Tuney paala mujhe
Maine paala sapno ko
Mere liye tuney
Taaney sune apno ke
Maine tere liye
Sach kar daala sapno ko

Got somebody
Looking out for me
Looking out for me
Know i gave you hell
I was young and i'm sorry
All i wanted was to dream
Big enough for everybody

Got somebody
Looking out for me
Looking out for me
Know i gave you hell
I was young and i'm sorry
All i wanted was to dream
Big enough for everybody

Ey ey yeah

Dekh na maa
Lyricsbogie.com
Aa gaye kahan
Udney ko sara aasmaan
Waise toh tuney kabhi
Maanga nahi kuch bhi
Phir bhi kadmon mein
Rakh doon jahaan

First class mein
Filmein dekh khaana kha
Appetizers se hi pet bhar legi
Angrezi bolney ki tension na le
Airhostess khud hi

Translate kar legi
Maa tu aish kar
Tik jaa tu tv tuvi dekh baith kar

Uh uh yeah

Subah subah uth ke
Khaana banaati thi
Naukri pe jaati thi
Paidal waapis aati thi
Paise tu bachaati thi
Paise jo bachaati
Ussey chowmein tu khilaati thi
Par ussey better chowmein
Ghar pe banaati thi
Haan yeh sach hai
Mitti ko jo sona karde
Haathon mein who touch hai

And i could touch the furthest stars
Cz you pushed me all the way
There was power in those dreams
Of a kid who'd make his name

Got somebody
Looking out for me
Looking out for me
Know i gave you hell
I was young and i'm sorry
All i wanted was to dream
Big enough for everybody

Got somebody
Looking out
Looking out
Yeah.
