I haven't done enough for her
She says all the time
Its matter of the mind

Ram para ram para ra ra ra ra

I don't even known
I don't even think
I did mattered
I don't even think
I don't even think

I let go i let go right now
Secret is out now to see
I let go i let go right now
Secret is out now to see

I haven't done enough for her
She says all the time
Its matter of the mind
Ram para ram para ra ra ra ra

I don't even known
I don't even think
I did mattered
I don't even think
I don't even think

I let go i let go right now
Secret is out now to see
I let go i let go right now
Secret is out now to see.
