

Tune Mere Jaana Lyrics

English

Oh! Love of mine
With a song and a wine
You're harsh and divine
Like truth and a lie
But the tale ends not here
I've nothing to fear
For my love is yellow forgiving & hollow
And the bright emptiness
In a room full of heads
Is the cruel mistress... wo ho..
I feel this unrest
That nests a hollowness
For i have no where to go
And i am cold
And i feel so lonely yea..
There's a better place then this, emptiness
And i'm so lonely yea...
There's a better place then this emptiness...
Yei yei yei ye....

Tune mere jaana..
Kabhi nahi jana..
Ishq mera dard mera.. Haaye...
Tune mere jaana..
Kabhi nahi jaana..
Ishq mera dard mera ...
Aashiq teraaa....
Bheed mein khoya rehta hai
Jaane jahaan
Poochho toh itna kehta hai

That i feel so lonely yea....
There's a better place then this emptiness
And i'm so lonely yea...
