Break away from other ordinary  
Make it to the extra ordinary  
If you lose the moment you regret it  
Once you miss the chance  
You will never get it  
Doesn't matter who you are  
I can make you feel like a star  
Get on go let me feel your men  
Nothing is as far as it seems  
I can take you into your dream  
Nothing world will behind  
If you got no satisfaction and  
You looking for some action  
Something more than justisfaction  
Baby check out my attraction  
Grab the hot seat in the  
Back seat let me take you there
