

Wah Wai Wahh - Nikle Currant Lyrics

English

Sachi sachi dass maithon ki baahde
Gaddi ch gulab chakki phirda
Gulab nai ho kalla tere pichhe goriye
Main taan sir te punjab chakki phirda

Sachi sachi dass maithon ki baahde
Gaddi ch gulab chakki phirda
Gulab nai ho kalla tere pichhe goriye
Main taan sir te punjab chakki phirda

Ho tere vich khushboo ae mundiya
Ni main karta tareef meri ankh di
Saddi vikni nai heereyan da chain bhi
Teri tutti jutti bikk jugi lakh di

Oh takk takk tainu goriye
Nikle currant tere yaar cho
Ni takk takk tainu goriye
Nikle currant tere yaar cho

Main oh ni kudi jehdi mann jau
Sohneya black teri car ton
Oh takk takk tainu goriye
Nikle currant tere yaar cho

Das mera ki kasoor ve sukh-e oye
Saari duniya ve meri aan deewani
Gaane likhda ni thowde paise laike vi
Gaane mere layi free likhe jaani

Ho mainu dasde tu kehda jaadu kareya
Saari duniya hi teri deewani
Gaane likhda nai sadde paise laike vi
Gaane tere layi free likhe jaani

Jutti thalle rakhdi aan

Mittran de dil nu
Baby tere nakhre karde nu kill tu
Jaan'di aan jaan'di main
Akhaa vicha basa tu
Jaan'di aan jaan'di main
Akhaa vicha basa tu

Jutti thalle rakhdi aan
Mittran de dil nu
Baby tere nakhre karde nu kill tu
Maine vi na airi gairi kudiya nu mill tu
Pitt paineya ve teri jagaur chon
Main dass ki ae laina sohneya
Tere fans di lammi ji qataar ton

Jaan'da ni mainu neeti mohan hoon main

Haye ni teri jutti wah wai wahh
Haye ni tere nain wah wai wah
Haye ni tu kinni sohni ae
Haye ni teri bhain wah wai wah

Haye ve meri jutti wah wai wah
Haye ve mere nain wah wai wahh
Haye ve main kinni sohni ae
Haye ve meri bhain wah wai wah

Aini mere vich khushboo ae balliye
Ni mai karta tareef mere ankh di
Teri bikni nai heereyan da chain vi
Meri tutti jutti bikk jugi lakh di oye

Aisa hai kaisa yeh pyar tera
Nikle currant tere yaar cho
Chhod de, chhod na peechha mera chal hatt

Haye ni teri jutti wah wai wahh
Nikle currant tere yaar cho
Main oh ni kudi jehdi mann jau
Sohneya black teri car ton
Haye ni tu kinni sohni ae

Nikle currant mutiyaar cho
