

Waiting For You Lyrics

English

Take your time
I'll be fine
I won't give up
When you wake up
I'll be here by your side
Oo..i'll be here by your side

Waiting for you
Is not that else i can do
Waiting for you
Waiting for you to come home
Will you come home?

Hold my hand
Understand
You're not alone
Days come and go
And i'll be here by your side
Oo..i'll be here by your side

Waiting for you
Is not that else i can do
Waiting for you
Waiting for you to come home
Will you come home?.
