

Wanna Wanna Lyrics

English

Let's dance on

Let's move on

Let's hit the floaur

Let's move..

Wanna wanna fun, wanna wanna fun

Wanna wanna fun, wanna wanna fun

Thodi si madhoshi

Aur thoda pagalpan

Wanna wanna fun, wanna wanna fun

Wanna wanna fun, wanna wanna fun

Thodi si madhoshi

Aur thoda pagalpan

Wanna wanna fun

Wanna wanna fun

Dhoom machaaye yaara, hoke magan

C'mon c'mon let's dance everyone

Wanna wanna fun, wanna wanna fun

Wanna wanna fun, wanna wanna fun

Take a chance, take a chance

Take a chance, take a chance

Take a chance, take a chance

Move on

Take a chance, take a chance

Take a chance, take a chance

Take a chance, take a chance

Dance on

Everybody move, everybody dance

Keep on moving, keep on dancing

Everybody move, everybody dance

Keep on moving, keep on groove'in

Das mein das ank lele, ulfat ke pankh lele
Question paper hai life, love answer hai
Nafrat ka todd hai yeh, rishton ka jodd hai yeh
Kal tha rahega kal, aaj bhi love hai

Ishq nahi to phir mushkil hai jeena
Ishq mein jeena seekho, aashiqui mein jeena
Ishq nahi to phir mushkil hai jeena
Ishq mein jeena seekho, aashiqui mein jeena

Wanna wanna fun, wanna wanna fun
Wanna wanna fun, wanna wanna fun

Thodi si madhoshi
Aur thoda pagalpan
Wanna wanna fun
Wanna wanna fun

Wanna wanna feel so
Wanna wanna fun
Move your body
Bhool ke jahaan

Wanna wanna feel
Lyricsbogie.com
Wanna wanna fun
Move your body
Bhool ke jahaan

Aaj sab milke karte hai shaur
Faurget your tension never befaure
Go go go go go go, go go go go..

Jeene ki wajah lele, life ka mazaa lele..na na naa..
Jeene ki wajah lele, life ka mazaa lele
Kal kismat mein kya hoga, kisko khabar hai
Ishq toofan noaurani, saari duniya hai phaani
Ishq duaa hai aur, ishq asar hai

Sach hi kaha hai jinhe, dhoondha tu paiyaan
Pyar salamat rahe, o mere saiyaan
Sach hi kaha hai jinhe, dhoondha tu paiyaan
Pyar salamat rahe, o mere saiyaan

Wanna wanna fun, wanna wanna fun
Wanna wanna fun, wanna wanna fun

Thodi si madhoshi
Aur thoda pagalpan
Ho..wanna wanna fun
Wanna wanna fun
Ho..
