Your face is the face of love  
Your face is the face of love

Is the face is the face of love

Sleeping in your eyes  
So sky in the sky  
Sleeping in your eyes  
So sky in the sky  
I capture this sky  
In my impress of love  
I capture this sky  
In my bless of love  
For luck, i draw  
That was on the moon  
For your luck, i draw  
That was on the moon  
Lucky am i, lucky in the trance of love  
Your face is the face of love  
Your face is the face of love  
Your face is the face of love.
